| Aims and activities of the organisation | <p>Founded in Portugal in 2018, Kabrio Agency is a Digital and Influencer Marketing Agency. Since its goal is to conceive and implement campaigns with a social and constructive purpose, it is an agency with a highly distinctive and personal positioning. We work to support the communication of Companies/Brands, not only with the aim of increasing reach, awareness and recognition, but also to strengthen their community. We believe that narratives should have not only a positive and social impact but also should be inclusive.</p> <p>We defend that digital can, and should, be a space that contributes to a better society. A space that does not attack, does not discriminate, and which inspires through difference and exhales acceptance. A space that allows you to be yourself with freedom and without fear, that encourages the best version of each one and specially that represents and embraces us all.</p> <p>Our purpose is to connect brands and projects to people's hearts, and we have already developed award-winning projects in Creativity Festivals of which we are very proud.</p> |
