Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	Mainly music. Also theatre.
Description or summary of the proposed project	**We can imagine several possibilities for our collaboration:** **1. Hosting a residency for co-creation:** We can host an artist (or a band) who creates in a regional language and connect them with our Occitan artist. Together, they will carry out an artistic residency to co-create a joint musical performance that blends both languages and cultures. **2. Hosting for networking and market exploration:** We can host an international artist or band to help them network, explore the local sector, and prepare for a future tour in the Occitania region. **3. Traveling abroad for networking and market exploration:** Our artists can travel to a partner's country to network, meet local cultural operators, and explore opportunities for a future international tour. **4. Workshops and activities:** We can also partner with an association that wishes to host our artists to conduct workshops, conferences, or educational activities about the Occitan language, music, and heritage. **5. Open to suggestions:** We are flexible and fully open to any other collaborative project proposals

Partners searched – which type of partner are you looking for?

From country or region	Open to all European countries, with a particular interest in regions with strong regional or minority languages (e.g., Spain/Catalonia/Basque Country, Italy, ...)
Preferred field of expertise	Music ! We aim to build a collaborative project under Culture Moves Europe around regional linguistic heritage and musical creation. The project will bring together Occitan musicians and international artists to co-create a musical performance. This collaboration can take two forms: either hosting foreign musicians in our region for a residency, or sending our artists abroad to co-create, network, and adapt our performances for new audiences. The artistic goal is to blend traditional roots with modern sounds, showing that minority languages are vibrant and contemporary.
Please get in contact no later than	2026
